PROFESSIONAL SUMMARY

Motivated third-year Software Development student with 3 years of hands-on academic and project experience in full-stack web, backend API, and mobile application development. Skilled in C#, .NET, ASP.NET Core, Entity Framework Core, Flutter, React.js, MERN Stack, SQL Server, and MongoDB.

Proven experience delivering a paid real-client production platform and building scalable backend systems using Onion Architecture and RESTful APIs. Strong foundation in OOP, databases, problem-solving, software testing, and teamwork. Seeking internship and entry-level software engineering opportunities to contribute to real-world software projects.

EDUCATION

High school Degree in Software Development / Computer Science

Egypt

High school Degree

- Relevant Coursework: Object-Oriented Programming, Data Structures, Algorithms, Database Systems, Software Testing, UI/UX, Mobile Development

TECHNICAL SKILLS

Programming Languages

C#, C++, JavaScript, Dart

Backend & Frameworks

ASP.NET Core, .NET Web API, Node.js, Express.js

Frontend & Mobile

React.js, Flutter

Databases & Tools

SQL Server, MongoDB, Entity Framework Core, Git, GitHub

Concepts

REST APIs, OOP, Data Structures, Testing

LANGUAGES

Arabic

Native

English

Professional Working Proficiency

CERTIFICATIONS

Mashwari Program –

Ministry of Youth and Sports

Leadership, Teamwork, Communication, Problem Solving, AI Applications

PROJECT EXPERIENCE

Akhadamaty – Home & Family Services Booking Platform

MERN Stack | Paid Real Client Project

- Developed a full-stack booking platform for home services
- React.js frontend with reusable components
- Node.js & Express RESTful APIs
- MongoDB database
- Authentication, booking system, admin dashboard
- Deployed on Vercel

Cinema Management System

.NET Web API | SQL Server

- Built scalable backend APIs
- Onion Architecture, Repository Pattern, DI
- EF Core + optimized DB design

E-Commerce Mobile App

Flutter

- Product browsing, cart, checkout
- Cross-platform Android/iOS app
- Clean reusable UI widgets
